Gentlemen:

1. On February 14, 2007, Pepco Energy Services, Inc. (PES) and Columbia Gas Transmission Corporation (Columbia), pursuant to Rule 206(j), 18 C.F.R. § 385.206(j), jointly filed a motion for dismissal with prejudice of PES's complaint against Columbia, and termination of Docket No. RP07-107-000. Your motion is granted.
2. This proceeding was initiated on December 12, 2006, when PES filed a complaint against Columbia requesting that the Commission investigate problems PES alleges occurred during the capacity auction held by Columbia on November 8, 2006. PES further requested that the Commission award certain capacity to PES, and order Columbia to reinstate PES on its list of Approved Bidders or, in the alternative to an award of capacity, declare the Auction void and order Columbia to re-conduct the Auction.
3. On February 6, 2007, the Commission issued an order denying the complaint insofar as it requested that capacity be reassigned or the auction re-run, and directed Columbia to submit further information on the exercise of its discretion in removing PES from the approved bidder list for six months.

4. In your February 14, 2007 filing, you state that you have agreed to not pursue further regulatory or civil action against each other with respect to the issues raised in the Complaint. You have further agreed that PES's complaint against Columbia shall be deemed satisfied by Columbia's reinstatement of PES on Columbia's Approved Bidders List.

5. In view of the parties' agreement, the Commission will accept your joint motion, dismiss the complaint with prejudice, and terminate the proceeding. Accordingly, Columbia need not file the information required in the February 6, 2007 Commission Order.

By direction of the Commission.

Magalie R. Salas,
Secretary.
