

**FEDERAL ENERGY REGULATORY COMMISSION
WASHINGTON DC 20426**

Office of External Affairs

January 24, 2002

Re: Docket No. RT02-2-000, et al.

Dear Southeast State Commissioner:

The Federal Energy Regulatory Commission will convene a conference call with the State-Federal Southeast Panel on February 15, 2002, at 10 am Eastern Standard Time (EST). The purpose of the call is to discuss the questionnaire we sent out on January 3, 2002 regarding regional transmission organizations (RTOs) in the Southeast. The call is scheduled to last until noon EST. In order to facilitate discussion, it will be more efficient if commissioners from one state call in on one telephone line. Any Southeast commissioner may participate on the State-Federal Southeast Regional Panel. The conference call will be transcribed and the transcription will be placed in Docket Nos. RT01-67-000, RT01-67-001, RT01-67-002, RT01-74-003, RT01-74-004, RT01-74-005, RT01-75-000, RT01-75-001, RT01-77-002, and RT01-100-000.

Thank you very much for your participation. The Chairman and Commissioners look forward to hearing from you on February 15.

Best regards,

Kevin F. Cadden, Director
Office of External Affairs
