

# Major Pipeline Projects On The Horizon

As of July 2004

This page shows major natural gas pipeline projects that are at some level of early planning (“on the horizon”) but have not been filed with the Commission. If a project sponsor makes a filing (traditional filing or NEPA Pre-Filing) for a project shown on this page, the project will be removed at the next update.

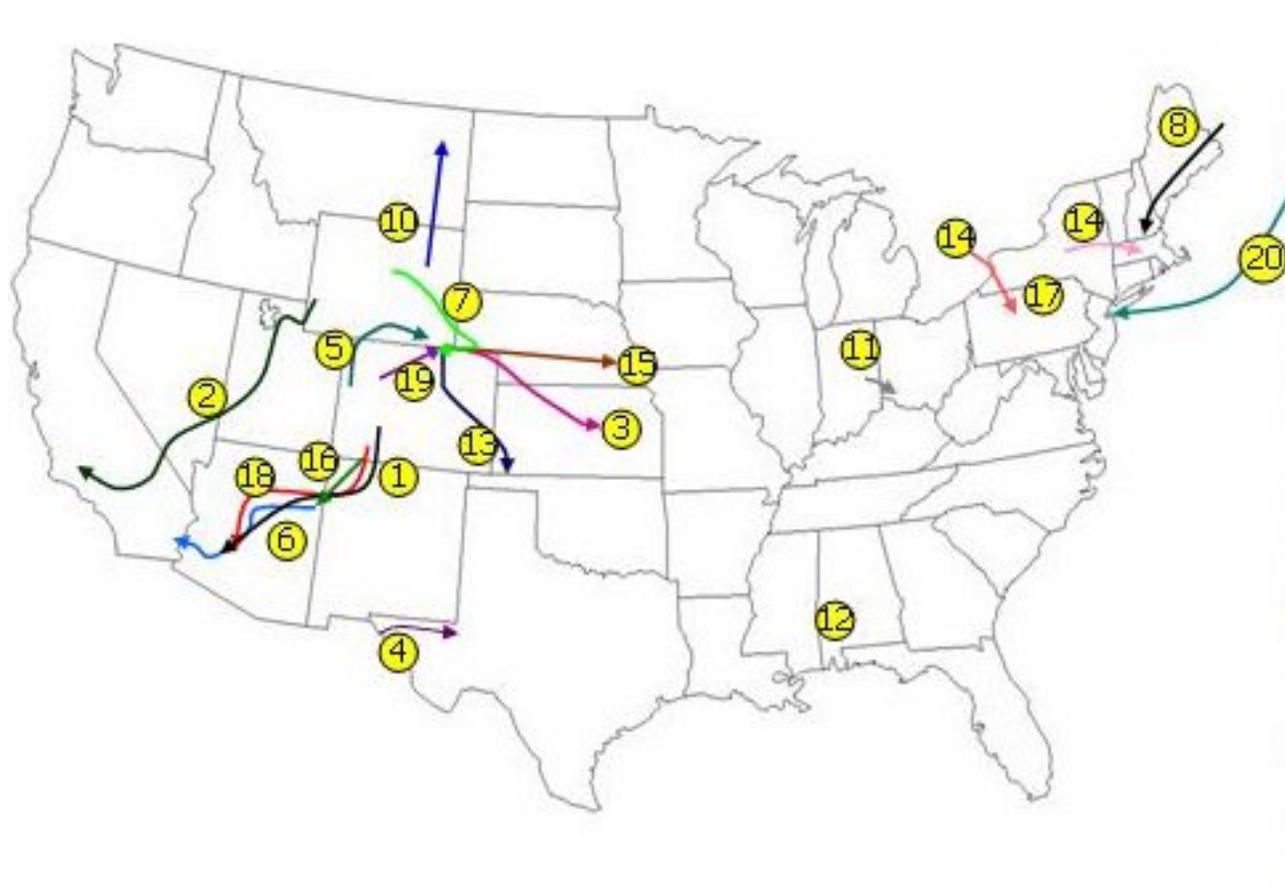

This information has been obtained from publicly available sources and will be updated as necessary.
