

SIGN:
Caution Lake Water Level Varies Watch for Obstructions

COMMENT:
Placement at access points and known problem areas can increase effectiveness particularly in areas that have many non-local visitors.

RECOMMENDATION:
None.

WL-29

SIGN:
Danger When Horn Sounds Beware of Rapid Rise in Water Level

COMMENT:
Identifies level of risk, potential indicator of impending change in conditions, and directs user to heighten awareness. Information allows viewer to act on the indicator even after they are out of sight of the sign. Placement at access points increases effectiveness.

RECOMMENDATION:
None.
