UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

Small Generator Interconnection  
Agreements and Procedures

Docket No. RM13-2-000

ERRATA NOTICE

(September 19, 2014)

On November 22, 2013, the Commission issued an order in the above-referenced proceeding. *Small Generator Interconnection Agreements and Procedures*, 145 FERC ¶ 61,159 (2013). This errata notice serves to correct the omission of certain text and to make other typographical corrections to the *pro forma* Small Generator Interconnection Procedures (SGIP) set forth in Appendix C of the order, Revisions to the *Pro Forma* SGIP. Appendix C is revised as follows:

1. Section 21.0 of the System Impact Study Agreement (Attachment 7 to Appendix C) and section 21.0 of the Facilities Study Agreement (Attachment 8 to Appendix C), both entitled “Reservation of Rights,” are corrected by adding the following text to the end of each:

“may be considered. Nothing in this Agreement shall limit the rights of the Parties or of FERC under sections 205 or 206 of the Federal Power Act and FERC's rules and regulations, except to the extent that the Parties otherwise agree as provided herein.”

Once corrected, the provisions will read as follows:

“Reservation of Rights

The Transmission Provider shall have the right to make a unilateral filing with FERC to modify this Agreement with respect to any rates, terms and conditions, charges, classifications of service, rule or regulation under section 205 or any other applicable provision of the Federal Power Act and FERC's rules and regulations thereunder, and the Interconnection Customer shall have the right to make a unilateral filing with FERC to modify this Agreement under any applicable provision of the Federal Power Act and FERC's rules and regulations; provided that each Party shall have the right to protest any such filing by the other Party and to participate fully in any proceeding before FERC in which such modifications may be considered. Nothing in this Agreement shall limit the rights of the Parties

or of FERC under sections 205 or 206 of the Federal Power Act and FERC's rules and regulations, except to the extent that the Parties otherwise agree as provided herein.”

2. The footer to the Facilities Study Agreement (Attachment 8 to Appendix C) should read, “SGIP Facilities Study Agreement.”
3. In Section 8.0 of the Facilities Study Agreement (Attachment 8 to Appendix C), the two occurrences of the word “draft” should be underscored (*i.e.*, “draft”).
4. Section 2.4.4.3.2 of the SGIP (Appendix C of Order No. 792) should read,  
“2.4.4.3.2 Whether the loading along the line section is uniform or even.”

Nathaniel J. Davis, Sr.,  
Deputy Secretary.
