

STATEMENT

Statement from the McIntyre Family

Date: January 3, 2019

We would like to thank Chairman Chatterjee, all the FERC Commissioners, and the entire FERC family for their hard work every day for the American people, and for their faithful support of Kevin during his time at the Commission, especially in the last few months. We particularly would like to thank Kevin's immediate team - Anthony Pugliese, Martin Kirkwood, Elizabeth Glenn, Angela Amos, Carolyn Clarkin, Nicholas Gladd, Laura Swett, and Michelle Brown - for all their love, dedication, and support.

"Kevin often said that being Chairman of FERC was his 'dream job' - he truly loved and believed in the agency, its mission, and its people. He was always energized by the challenge of leading the agency 'full steam ahead,' even when his health faltered. His commitment to his duty, and his faith in the FERC team, never wavered. We will always be grateful for the opportunity, however brief, that Kevin had to serve our country as FERC Chairman.

- Jennifer McIntyre, and Lizzie, Tommy and Annie McIntyre
