

**APPENDIX B**  
**Project Overview Maps**

- |                   |                         |
|-------------------|-------------------------|
| LEX               | Access Road             |
| LEX1              | Suction Line            |
| R-801 Loop        | Permanent Site Facility |
| R-801 Loop        | Temporary Workspace     |
| R-501 Abandonment | Pipe Yards              |
| Main line Valve   | Milepost                |

## Appendix B-1 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-2 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-3 Leach XPress Project Overview

- |  |                   |  |                         |
|--|-------------------|--|-------------------------|
|  | LEX               |  | Access Road             |
|  | LEX1              |  | Suction Line            |
|  | R-801 Loop        |  | Permanent Site Facility |
|  | R-801 Loop        |  | Temporary Workspace     |
|  | R-501 Abandonment |  | Pipe Yards              |
|  | Main line Valve   |  | Milepost                |

## Appendix B-4 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-5 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-6 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-7 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-8 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-9 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-10 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-11 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-12 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
|  LEX               |  Access Road             |
|  LEX1              |  Suction Line            |
|  R-801 Loop        |  Permanent Site Facility |
|  R-801 Loop        |  Temporary Workspace     |
|  R-501 Abandonment |  Pipe Yards              |
|  Main line Valve   |  Milepost                |

## Appendix B-13 Leach XPress Project Overview

- |                                                                                                       |                                                                                                             |
|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
