

Instructions for the Fiscal Year 2018 Report pursuant to the Information Quality Bulletin for Peer Review

As you prepare your report, please ensure that your agency's Peer Review Agenda (the Agenda) includes agency plans for the foreseeable future¹ and that each Agenda entry is up to date regarding both the timing of the review, and whether the review has been completed. Agenda entries should be updated whenever new information becomes available; every six months is the ***minimum*** for updating the Agenda.

Once a peer review has been completed (that is, the final product has been edited to reflect the reviewers' comments), the Agenda entry should be updated to include a link to the peer review charge, the reviewers' names, and the peer reviewers' comments, as well as the final version of the product. For Highly Influential Scientific Assessments, the agency's responses also should be posted. A few examples of good practice are listed in the footnote below.²

Please use the attached template to record peer reviews conducted pursuant to the Bulletin between October 1, 2017 and September 30, 2018. This form has two parts: 1) a "department-level summary," which should aggregate information across all of the agencies/bureaus/offices in the department and 2) an "agency report" that should be completed by each subunit (bureau/component/agency) within a department. A separate "agency report" should be completed for each agency that produces information subject to the Bulletin.

Please make sure to report to us the **current URLs for your peer review agenda** – some agencies continue to submit URLs that no longer work. Also take this opportunity to ensure that your agency's peer review agenda is up to date, and all of the links on your agency's peer review home page are working.

For those agencies that do not have any peer reviews to report for this fiscal year, it is necessary to complete only the General Information component of the "agency report." Agencies that are not part of departments do not have to complete the summary page; they should type "Not Applicable" on the "Department" line.

To ensure consistency across agencies, please use the guidance below to determine which peer reviews were "conducted" during the last fiscal year, and thus should be reported.

- Include peer reviews for which the peers have provided the agency with their (final) comments, *regardless* of whether the agency has:

¹ As stated in the November 28, 2005, memo from the Deputy Administrator of the Office of Information and Regulatory Affairs, the Agenda is not a six month forecast (i.e., it should not be limited to information (documents) that the agency plans to disseminate (or peer review) in the next six months).

² The Department of Agriculture's Animal and Plant Health Inspection Service: https://www.aphis.usda.gov/aphis/ourfocus/science/sa_peer_reviews/ct_peer_review_agenda
Environmental Protection Agency: https://cfpub.epa.gov/si/si_public_pr_agenda.cfm; Department of Interior's Fish and Wildlife Service: https://www.fws.gov/informationquality/peer_review/

- completed its response to the reviewers, or
 - made the peer review comments public.
- Exclude peer reviews:
 - for which the reviewers are still considering the information,
 - that are planned for the future, or
 - that were planned for the current fiscal year, but were not conducted.

Agencies that reported last year that they *do not* produce information subject to the Bulletin do not need to fill out a report this year unless the disclaimer no longer applies **OR** the link to your disclaimer has changed. Rather, those agencies should send an email to OMB_Peer_Review@omb.eop.gov with the agency's current point of contact for the Bulletin and the current URL to the disclaimer. The template for the appropriate disclaimer is shown below:

“based on the review it has conducted, the [AGENCY] believes that it does not currently produce or sponsor the distribution of influential scientific information (including Highly Influential Scientific Assessments) within the definitions promulgated by OMB. As a result, at this time the [AGENCY] has no agenda of forthcoming influential scientific disseminations to post on its website in accordance with OMB's Information Quality Bulletin for Peer Review.”

Please send your *draft* Peer Review Bulletin Annual Report (**due July 8, 2019**) to OMB_Peer_Review@omb.eop.gov. Please do not post your draft report on your webpage until OMB review is complete. Should you have any questions related to the Peer Review report, please contact Margo Schwab (202 395-5647) mschwab@omb.eop.gov.
