Attention: Margaret H. Claybour, Esq.

Dear Ms. Claybour:

1. On May 28, 2019, Lancaster County Solid Waste Management Authority (Lancaster) filed an Offer of Settlement (Settlement) addressing the revenue requirement for the provision of Reactive Supply and Voltage Control from Generation or Other Sources Service (Reactive Service) from the Lancaster Waste-to-Energy Facility and the Susquehanna Resource Management Complex located near Lancaster, Pennsylvania. The Settlement resolves all issues that were set for hearing and settlement judge procedures in Docket No. ER19-342.¹
2. On June 17, 2019, Commission Trial Staff filed comments in support of the Settlement. On June 28, 2019, the Settlement Judge certified the Settlement to the Commission as an uncontested settlement.²
3. Paragraph 19 of the Settlement states that “[t]he standard of review the Commission shall apply when acting on proposed modifications to this Settlement under section 205 or 206 of the FPA shall be the ‘just and reasonable’ standard of review.”
