Attn: Kenneth W. Irvin, Esq.  
Attorney for Richland-Stryker Generation LLC

Dear Mr. Irvin:

1. On February 26, 2020, Richland-Stryker Generation LLC (Richland-Stryker) filed an Offer of Settlement (Settlement) addressing the revenue requirement for the provision of Reactive Supply and Voltage Control from Generation or Other Sources Service (Reactive Service) from Richland-Stryker's 450 MW simple-cycle generating facility outside of Toledo, Ohio. On March 17, 2020, Commission Trial Staff filed comments supporting the Settlement. On March 31, 2020, the Settlement Judge certified the Settlement to the Commission as an uncontested settlement.<sup>1</sup>
2. Paragraph 18 of the Settlement states:

The standard of review the Commission shall apply when acting on proposed modifications to the Settlement under section 205 or 206 of the FPA, including by the Commission acting *sua sponte*, shall be the "just and reasonable" standard of review rather than the "public interest" standard of review.

Commission approval of the Settlement does not constitute approval of, or precedent regarding, any principle or issue in this proceeding.

4. The Commission accepts the proposed tariff records to be effective April 24, 2019, as requested.

By direction of the Commission.
