1 REPORTER: RICK SANBORN

2 MR. EVANS: I'm Sidney Evans. I'm in
3 Natchitoches, Louisiana, but I have some property of the
4 vicinity of the Gulf Run Pipeline. In fact, I think we've
5 already signed a couple of right-of-ways or are in the
6 process of on the upper end and I think those gentlemen are
7 doing a very good job. Well, the stake in the right-of-way
8 is a little shaky yet, but they say they're doing it right
9 on through Beauregard and we haven't signed the deal yet,
10 but we think it's a good thing to have the pipeline going
11 right through oil country and gas country to pick up the
12 products. And it looks like it's being done in a very
13 business-like manner to me.

14 The road crossings and stream crossings look
15 very well. They have workspaces adjoining each one like
16 they're going to do a really good job taking care of stream
17 management and I just want to thank FERC and the pipeline
18 companies for bringing this together. Thank you.

19 (Whereupon, the meeting was concluded.)
