DATE OF DEPOSITION: 12/11/17

Page	Line	Correction
** The format used below follows: <del>DELETE</del> <b>ADD</b> **		
4	24	Kennebunk <del>Port</del> <b>Light</b> and Power.
5	5	<del>document</del> <b>docket</b>
5	22	Amy Chang, and <del>Riek</del>
5	23	<del>Rachel</del> <b>a recreation</b> and land use specialist Erin Kimsey
6	10	<del>informational</del> and free-flowing as possible, the only formality
6	18	<b>Here is the</b> outline for tonight's meeting, so you know
6	21	<b>The</b> current licensing, Kennebunk <b>Light and</b> Power, will <del>We'll then take</del> give an
6	22	overview of the project facilities and operations, <b>followed by</b> <del>of the</del>
7	5	Department of Energy and its <del>initiative</del> <b>authority</b> is to regulate
7	13	There <del>are</del> is the dam safety divisions which <del>are</del> is
7	15	overseeing new constructions; the <del>Department</del> <b>Division</b> of Licensing
7	22	into the organization the licensing <del>department</del> <b>division</b> is spread out
8	6	public or federal lands or they use <del>surface</del> <b>surplus</b> water from a
8	10	licensing process which is our default process, <del>a</del> <b>or</b> ILP --
8	11	there's a traditional licensing process or <del>TOPTLP</del> ; there's an
9	14	completeness and if it is adequate we'll issue a <del>written</del> <b>Ready</b>
9	15	<b>for Environmental</b> Assessment notice.
9	16	This notice <del>or</del> is otherwise known as a <b>REA notice</b>
9	22	Once a NEPA document is issued, we follow it by <del>it is followed</del> by a <b>comment</b>
10	20	discussing the existing conditions <del>or special</del> <b>and the</b> effects of the project <del>or</del> on resources.
10	22	We also discuss cumulative effects <del>to</del> <b>and</b> make sure

10	24	as proposed alternatives. The goal of the <del>site</del> <b>study</b> plan
10	25	<del>elevation</del> <b>is to set the framework</b> where pertinent information can be gathered to
11	3	relevant information needed to develop <b>an</b> adequate license
11	6	where I will have a member from Kennebunk <b>Light and</b> Power give us an
17	13	This list of issues is not <del>known</del> <b>meant</b> to be exhaustive
17	16	maybe <del>through</del> <b>they are too few</b> issues or maybe new issues need to be
17	20	<del>Throughout this</del> <b>For our</b> NEPA <b>analysis we will be</b> <del>were</del> looking at aquatic
23	20	Insert “are due by” before “January 7th”
25		than what we did <del>this morning</del> <b>earlier</b> . I'm going to go through the
35	16	<del>butting system</del> <b>abutting ecosystem</b>
42	23	Insert “effects of” before “continued”
42	24	<del>recreation use on a singular project</del> <b>recreational use in the vicinity of the project</b>
61	25	<del>to read</del> <b>in addition to</b>
62	1	test <b>text</b>
82	5	assets. The <del>KOPD</del> <b>KLPD</b> trustees don't own the dam
