On February 19, 2016 the staff of the Federal Energy Regulatory Commission (FERC or Commission) issued a draft environmental impact statement (EIS) for the Rover Pipeline, Panhandle Backhaul, and Trunkline Backhaul Projects (Projects). The draft EIS assesses the potential environmental effects of the construction and operation of the Projects in accordance with the requirements of the National Environmental Policy Act (NEPA). The draft EIS was mailed to the parties on the Commission's environmental mailing list and placed on the FERC's website (www.ferc.gov).

The meetings will end once all speakers have provided their comments or at 10 p.m., whichever comes first. Please note that **there may be a time limit of three minutes** to present comments, and speakers should structure their comments accordingly. If time limits are implemented, they will be strictly enforced to ensure that as many individuals as possible are given an opportunity to comment. The meetings will be recorded by a court reporter to ensure comments are accurately recorded. Transcripts will be entered into the formal record of the Commission proceeding.

You do not need to attend one of the above comment meetings to provide comment to the Commission on the draft EIS. For your convenience, there are three additional methods you can use to submit your comments to the Commission. The Commission will provide equal consideration to all comments received, whether filed in written form or provided verbally. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

- 1) You can file your comments electronically using the [eComment](#) feature on the Commission's website (www.ferc.gov) under the link to [Documents and Filings](#). This is an easy method for submitting brief, text-only comments on a project;
- 2) You can file your comments electronically by using the [eFiling](#) feature on the Commission's website (www.ferc.gov) under the link to [Documents and Filings](#). With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "[eRegister](#)." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

- 3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the applicable project docket number (CP15-93-000, CP15-94-000, or CP15-96-000) with your submission:

To ensure consideration of your comments on the proposals in the final EIS, it is important that the Commission receive your comments **on or before April 11, 2016**. Please take note that on February 26, 2016, Commission staff issued a correction to Appendix I-1 of the EIS and placed the document in the public record under accession number 20160226-3005.
