(AEP Generation Resources), the U.S. Fish and Wildlife Service (FWS), and the West Virginia Division of Natural Resources (West Virginia DNR) to discuss the American eel surveys that are required to be conducted at the Racine Hydroelectric Project. FWS and West Virginia DNR filed separate letters with the Commission on August 22 and August 23, 2019, respectively, detailing their concerns associated with these surveys. Specifically, the resource agencies state that AEP Generation Resource's proposed methodologies for these surveys would not achieve the goals and the objectives of the Commission's approved study plan, and request a teleconference to discuss study methodologies.
