MIDCONTINENT SUPPLY HEADER
INTERSTATE PIPELINE PROJECT

Donald W. Reynolds Community College
1515 West Main Street
Durant, Oklahoma 74701
Monday, February 13, 2017

The public verbal comment meeting, pursuant to notice,
opened at 4 p.m., local time.

1 P R O C E E D I N G S

2 MR. JERRY RYAN: My name is Jerry Ryan, and I
3 represent Pipeliners Local Union 798 out of Tulsa, Oklahoma.

4 And I'm here in favor of the project for
5 Cheniere. And I'm aware that the comments tonight are
6 mainly based on the environmental impact study that will be
7 done -- is that correct? They need to be about that.

8 So the comment I have about the pipeline project
9 is that it's a home run for everybody that's concerned about
10 the environment, because not all of the project will be new
11 construction; they'll be using an existing, existing
12 pipelines that are already in place. So nothing will be
13 done; they'll just flow gas through them. So that's got to
14 be a major win for the environment.

15 And that's all I've got to say.

16 (No further comments.)

17 (Thereupon, at 7:15 p.m., the meeting closed.)
