## 1 P R O C E E D I N G S

2 MR. RYAN: My name is Jerry Ryan (spelling). I  
3 represent Pipeliners Local Union 798 from Tulsa, Oklahoma,  
4 In support of the MIDSHIP pipeline project.

5 When placed in service, MIDSHIP pipeline will  
6 take on many uses; supplying home heating, heavy industry,  
7 feedstock for our nation's fertilizer and petrochemical  
8 industries; displacement of electrical power generated from  
9 coal to natural gas will reduce carbon dioxide emissions by  
10 50 percent per unit of energy.

11 Natural gas will help reduce carbon dioxide while  
12 America moves from fossil fuels to carbon-neutral fuels of  
13 energy such as wind and solar. Thank you.
