

eFiling Hydro Menu Choices

In the 1.41 release of FERC Online, hydro menu options in eFiling have been updated to remain aligned with changes in regulations. The new updates are also expected to improve submission efficiency and accuracy, document routing and records management, and eliminate misfiled documents.

In the first of the three filing tiers in eFiling; i.e., *How is your filing to be directed?*, the choice for:

- *Hydro: Washington* has been revised to *Hydro: Licensing/ Compliance*
- *Hydro: Regional Office* has been revised to *Hydro: Dam Safety*

Also, the corresponding options for both menu choices have also been revised.

Hydro: Licensing/ Compliance

In the 2nd-tier box, *What kind of filing are you making?*, the following list shows the new options and order:

- Annual Charges
- Change in Contact Information
- Conduit Exemption 40MW or less
- Declaration of Intention
- Headwater Benefits
- HEC-RAS files (Licensing or Compliance)
- Intervention
- Jurisdictional Determination
- License or Exemption Compliance
- Licensing/ Relicensing
- Mining Claims
- Preliminary Permit
- Qualifying Conduit Facility 40MW or less
- Rehearing
- Small Hydropower Exemption up to 5MW or 10MW
- Surrender
- Transfer
